Poured Slab Foundation with Footers (Catonsville)

Looking for help with a 30 x 40 garage foundation built to Baltimore County code -- I have drawings that I can send over upon request. I would add them into this ad but someone with too much time on their hands and/or who is angry since I'm not going with them wants to flag this post so I will continue to repost until i find some help.

I have drawings for those who would like to provide a ballpark quote.

Thanks,
