Looking for full & part time lawn care workers to just cut lawns. This is NOT a property preservation company who makes you take 50+ photo's of every job, inspect and/or secure or repair the property and want to pay you every two weeks and short you too. We just cut lawns and occasionally trim hedges, bushes and small trees. You must have your own equipment ... transportation (small truck, van or SUV) mower, blower and string trimmer. If you have hedge trimmers and a chainsaw you could make more money per service. We only need you if you can do quality work, if you can, you will work all season. My better workers take home \$700 to \$900 per week. If you have commercial equipment that is a big +. Reply only if you fit the above.
