

At Wicked Smart Movers we offer amazing skilled moving labor at a rate that is considerably less than the big boys. If you want mediocre movers for next to nothing, that's not us. If you want very reliable, very experienced and very caring movers at a GOOD PRICE you can live with, that's most likely us.

Like I have told many people, sure we want your business, definitely, but we also want your business the next time; and the time after that. We don't want to make a fortune from you, but in addition to making a living, we want earn your loyalty by doing such a good job the first time you try us, the next time you won't consider anyone but Wicked Smart Movers and, with any luck, maybe you will be kind and tell your friends about us as well. This keeps are marketing costs down and keeps our prices fair.

When you have 5-10 minutes, fill out the free estimate form online ([WickedSmartMovers.com](http://WickedSmartMovers.com)) and become another one of our "regulars". Now that's Wicked Smart!
