

Beautiful Male Golden Retriever (West Boise)

Location **Idaho**
<https://www.genclassifieds.com/x-567981-z>

This beautiful loving dog was found in Nampa. The person who found him couldn't keep in indoors, so I brought him home to a cool place while we looked for his owners. We had him scanned, and he does have a microchip. The owners were called and a message left with my contact information. It has been over a week now, and the owners have not called me. There have also been no postings for him on Craigslist or Facebook. We do not know his name, as it was not listed when his microchip was scanned. He is an older dog. He is extremely loving and house trained.

If you would be interested in providing a loving home to him, please text or call me. 5 one 5 six 4 nine 7. Thank!
