Design Within Reach Description: <http://www.dwr.com/product/freedom-saddle-seat-in-vicenza-leather.do?sortby=ourPicks>

"Niels Diffrient's Freedom Saddle Seat (1999) uses the same principles and materials as his Freedom Chair but has a more compact footprint. The saddle features a height-adjustable pneumatic cylinder to accommodate a wide range of users and tasks. The triangular cushion allows the users to sit in an ergonomic "saddle" posture with thighs lowered, hips loose and the spine in a healthy curve. This position reduces pressure points and puts users closer to their work. Spinneybeck Vicenza, a lightly corrected aniline-dyed leather with a breathable protective finish, ensures great durability. Made in U.S.A."

Stool is in minimum damage, it is used in my kitchen; polished chrome frame custom made by Spinneybeck, leather upholstery is in good condition, hard to see but has casters for hardwood floors and casters for carpeted floors are included, thorough cleaning service and
