

## 2012 Chrysler 300S Black Chrome Grille (60 USD)

For sale is a factory black chrome grille for a Chrysler 300. I took it off the car with 15k miles on it and replaced it with an aftermarket grille. The car has since sold and I don't have a use for it. The car was a 300S with all the options, and the black chrome is a really cool alternative to your standard everyday chrome. It is in basically brand new condition since it saw less than 15k miles. Super easy installation, and great for an extra grille or to replace the normal chrome that you see on every other Chrysler 300.
