V8

Just had it valued at \$11,000. KBB is also at 11,000. This suv has all the options. It comes stocked with navigation, dual power seats, 3rd row power seats. Comes stocked with roof racks and towing package. I have has this car dealer maintained since the day i bought it (proof of records). New tires in the fall. I need money fast so I'm forced to sell my car way under value. Ive never been stuck, great in the snow. Has the same engine that came with the police explorers so it accelerates fast and has unbelievable control (very steady). The smoothes ride you'll ever drive. let me know if you have any.
