

Female Body Paint Model Needed (Boise)

Location **Idaho**

I'm a amatuer photographer and artist that has worked with and learned from professional body painters.

As a painter myself, I need bodies to practice on for my personal Art project. Maybe the result will be something awesome, maybe it'll just be okay... but now that I've got some training, I need to break out the brushes!

Either way, I hope to create something memorable.

Please respond with a face & body shot.

Thanks!
Brian

Hope to hear from!
