

Two Boston Terrier Puppies (Clark, NJ)

Location

New Jersey<https://www.genclassifieds.com/x-568206-z>

We have two adorable and friendly Boston Terrier puppies - one male and one female. Both housebroken, crate trained and love to be around people and children.

We got them both from two different breeders. The male (named Monkey) was born on October 24, 2014 and so is 9 months. The female (named Eevie) was born on January 19, 2015 and is 6 months. Monkey has received all of his puppy shots, while Eevie just needs her last booster and rabies shots.

We currently live in a small one bedroom apartment and feel it would be better for them to live with people who can take them outside more and help them be more active. We hope to find someone who is loving and will take very good care of these adorable puppies. We absolutely will ONLY sell them to someone who is willing to take them together, as they get along very well and are best friends.

Will provide two crates, bowls, collars and leashes. Asking \$650 altogether for both.
