Location **Oklahoma** https://www.genclassifieds.com/x-568582-z

My name is Alice Decker and I am the owner/operator of Decker8 Creative Studio, based in Austin, TX. My husband and I are relocating to OKC in September 2015, and I am looking to continue my wedding photography upon our big move. I specialize in engagements, senior pictures, and bridal portraits but also offer other portraiture sessions. My desire is to create a comfortable atmosphere during each session by getting to know you and your story ahead of time, insuring that you are receiving a product that you desire to share and relive. I have a wonderful time with my brides but also see myself there to encourage and keep an open dialogue. So if you think we sound like a good match, I hope you will visit my website or contact me for more information.

My wedding collections start at \$1200 but the first FOUR brides to book with me will receive 10% off any wedding package. Just mention this ad!
