

Professional Painting amp Drywall (United States)

Location

Oklahoma

<https://www.genclassifieds.com/x-568584-z>

I am a full time professional painter looking for contract work on the side. I also have 13 years experience in drywall. I know it can be costly having drywall or paint work done but I can offer quality work at an affordable price. I am a professional and I guarantee the quality of my work. No job is too large; if there is something you need done that would be too much work for one person, I have coworkers I can bring in to assist. Please respond with the job you need done and we will set up a time to meet and bid. We are available in the evenings and on weekends, but you can contact me anytime. Please respond via e-mail or call/text the number listed. Please leave a message if I do not answer, and I will call you back as soon as possible. Thank you for.
