Does your property management company charge you too much? Are you getting hit with fees that should already be included and cannot be explained? Are you frustrated because they do not return your calls? Not getting what you pay for?

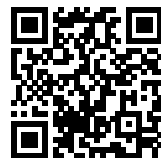

Is your property manager licensed? Oklahoma law requires it.

I am an independent licensed Real Estate Broker. I have years of experience and I am looking for new clients in the OKC Metro area as well as Moore, Norman Midwest City and Edmond. You will deal with me directly. I answer the phone. I return phone calls. Call or email me and set up a meeting. References available. I look forward to hearing from you.
