

Physics and math tutor available to help you improve your grades

Location

Oklahoma

<https://www.genclassifieds.com/x-568604-z>

Thank you for looking at my post. I hold both a B.S. and a M.S. in Physics, I am currently working on my Ph.D. I can tutor all levels of undergraduate physics. I also tutor high school students. I have experience teaching both in college classrooms and laboratories. I have 13 years experience tutoring physics and math classes. Most people I tutor see drastic improvements in their grades, but more importantly they acquire a deeper understanding of the material. If you need help with your classes please contact me so I can help you. Besides physics I am also well versed in Algebra, Trig, Pre-Calc, Calc, Statistics, Diff-EQ, Excel and most math subjects you will encounter. I can also help with engineering Dynamics, Statics, E&M and Thermo.

The earlier you receive help the better your grades will be. I can also accommodate groups, at a reduced rate for everyone. If you want a better grade then contact me. I can be contacted through the CL link. (I generally respond within 24hrs)

Thanks,
