

2 Affectionate Cats to a good home (Fargo, ND)

I have 2 cats who are both very affectionate and gentle. They are both female, fixed, but not declawed. They are NOT outside cats. They are also up to date on vaccinations. It is preferable that they are rehomed together. I will include all of their things (including cat tower, if so desired).

Piper is just under a year old, very petite, and independent. She likes to wonder around, is curious about everything, listens well, and loves to cuddle when she is sleepy. She squeaks instead of meowing.

Lida is about four years old. She is absolutely beautiful with piercing green eyes. She is also my cuddler, but is pretty timid at first. Once she has warmed up to you she wants you to know how much she loves you.

These are very loved cats, so serious inquiries only. We can discuss a small rehoming fee (I will make it one fee for both cats).

Pictures available upon.
