PRICE DROP!!! Make an Offer!!! Not \$1000.00...Not \$800.00...Not \$700.00 ...How about \$300.00. Well I paid that 10 years ago. Now I need money fo rent and willing to accept offers. Wow, is it gonna be hard to part with these but I need the money right now to keep my apartment. This suuuuuper rare entire set of Mystery Refractors (#1-#22) from such a sick year (1995-6) as these have never been listed all together. They are extremely rare to have all in one complete set. I am on PayPal and will create the buyer an invoice so we are all safe. Most collectors I run into are so envious of this complete set of Mystery Refractors from 1995/6 that I know they will sell fast. I paid \$600.00 for this incredible set back when they were new. It was an investment that I took a gamble on and they hold their value. The first card alone (Gretzky) is selling on a site for close to \$200. The buyer will get all 22 of these amazingly rare stars in one shot for a cool \$300 bucks. I don't see this rare set listed anywhere right now. They are all gradeable 10's in my opinion and have never left the cases I bought them in. Some say these are the greatest NHL stars ever and all in one set (Gretzky, Lemieux, Messier, Selanne, Renberg, Bure, Tkachuk, Shanahan, Kariya, Neely, Hull, Jagr, Sakic, Lindros, Federov, Potvin, Brodeur, Hasek, Roy, Stevens, Chelios and Leetch...WOW!!). Anyway, I will definitely hook this buyer up with a bonus pick from my vast collection of hockey and NHL/WHA cards or other sports cards. Once we have a deal I'll give you choices for the extra bonus item. Please email me back and then we can exchange numbers to text. I am ready to sell asap. Make an offer and we can strike a deal. TY- Brian, the teacher from Philly
