Sublime Designers is local while carrying a great line of natural & organic handmade bath and body. Sublime Designers uses essential oil and moisturizing oils to help even the driest skin. Scented with essential oils and made with exotic butters. We make the soaps and lotions in small batches so premium quality goes into every bar and bottle. Most of my customers do have allergies to products that are presently on the retail market. This way you can feel safe shopping in my store & booth knowing all allergens are taken out.

Made by hand with love (and sparkles!) it's sure to bring a smile to your face. Skin loving ingredients abound in this lovely addition to your shower!

Due to the handcrafted nature of my products, no 2 products or batches are exactly the same. Each one is unique!

Each product is professionally labeled for your health. All of the ingredients are listed in accordance with FDA regulations.

My products include:
