2014 P&d Kennedy 50th Anniversary Half Dollar 2-coin Set (k14). In its original Government Folder & encapsulated in plastic holders which is also the sets COA (Thick plastic card inside) With Coins on card. I have doubles so I figured selling the other set. The main reason I purchased this set is because it only has a mintage of 200,000 which is very, very, VERY low for any coin's run. So they will only increase in value. Kennedy also has many ties to Newport, R.I. He got married in Newport and also lived in Newport where Hammersmith farm is now, Besides the fact of him being America's favorite president of All time (these coins have never been touched ever....

ALSO,.....Another In this Kennedy lot Is a Beautiful : 1979-S PCGS PR69DCAM Type 2 Silver half dollar (And for those of you that don't know your coins that well Type 2 is quite a lot more Rare than Type 1 just means ones got a clear S mm or a blobbed S) Sonically Sealed & Graded by America's #1 most Respected Coin grading company in the World hands down PCGS. It cost me \$20 just to send one modern coin to Florida where the Headquarters are just to have them grade it (also PR=Proof, The coin grading or Sheldon scale coins grades from 1-70, one being the absolute Worst and 70 being Flawless Perfect grade, none higher than 70, So that's what the 69 indicates, DCAM: Means Deep cameo, There's only 3 cameos you receive (if the grader thinks it's worthy of One: Cameo, Deep Cameo & Ultra Cameo. And One More BONUS: I also have 3 Rolls (150) of wheat pennies, I just acquired from an elderly woman. I will include those if we make a deal (I have a 5 Gallon water jug half filled strictly of wheat pennies) So these are TRULY unsearched they came from a very, So the 3 Roll's are of All dates & mints from 1909-1958.....Email, For offers, Questions, and any info, God Bless & Thank you, Local R.I Pick up only, No
