

Artist studio space (burlington)

Location

Vermont

<https://www.genclassifieds.com/x-568982-z>

Space opening up in the E1 Studio Collective. E1 is a studio shared by 6 artists working in a variety of mediums. We currently have sculptors, painters, stained-glass, and mixed-media artists all working in the space. We are located in the South End Arts District, near Speeder and Earl's Coffee and Arts Riot.

A small studio space is opening up very soon. We're looking for an energetic, kind, and creative person, to join the collective. While you would have your own space within the studio, E1 is a shared creative space. This studio is located in the heart of the South End Art Hop and the South End Truck Stop.

E1 is a great place to be inspired, and make collaborative art, as well as your own work. Studio dogs are welcomed; we already have a sweet dog that hangs out in the space.

If you're interested, please contact me, and we can set up a time for you to look at the space, and discuss your particular needs in a studio.

Rent is \$105 a month, includes heat/water, 24/7 access. This is NOT a place to live, it is an art studio.

All mediums welcome.
