Greetings

I am the Owner/CEO of Brandow Digital. We specialize in high end SEO campaigns for local businesses in the King County area, all other surrounding cities and national.

I am looking for a dedicated sales person to promote and sign local businesses that either are introduced to SEO or are already wanting a high quality SEO service to reach the masses on Google, Bing and Yahoo.

Some of the tasks that I need you to accomplish is learning what SEO is and conveying this to potential clients that don't know or don't know much about it and open their minds to the possibilities of doubling or tripling their ROI by having their website show up on the first page of Google and exposing themselves to thousands of potential clients. I also need someone to go to all the MeetUp.com meet up groups to get people interested and to sell our service.

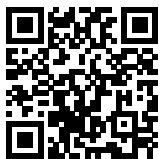

SEO has and still is growing to heights of big proportion which white-paper and mail advertising don't any more. Yellowpages and such are the things of the past and online marketing is the main stay in the advertising world.

I am a professional SEO that gets these first page rankings for my clients and bring in unprecedented high quality targeted leads for them by placing them on the first page Google for high volume search.

I now own and operate search engine optimization company on Google, Bing and Yahoo. I have an in house team of SEOs in the Seattle area and want to expand my sales force to add many more clients under the Brandow Digital banner.

Please email me your resume and let's set a meeting.

COMPENSATION: provide very competitive residual monthly income. Please send me your resume or call then we can discuss the residual monthly income portion. Please don't email me on just what the
