Selling my cookie jar collection and this is one of my favorite pieces. Vintage Seymour Mann cookie jar crafted to look like both a teapot and an old Aetna range/stove. I just love the attention to detail, including the family cat sleeping at the foot of the stove. Dimensions: 11" long, 7-1/2" tall, 4-1/4" wide. No flaws. See other pieces for sale...will be adding more over the next few days. Cash only. Call
