Selling a hardly used Tempurpedic Queen firm mattress with a BRAND NEW boxspring (still in plastic) for \$1,200. Willing to take OBO if it is fair and you pick it up ASAP!!!! Pictures will be provided soon (this is a reposting and Craigslist doesn't store photos between renewals apparently). The boxspring is still in the plastic! Please call, do not text or email. If you text, you will not get a reply (scammers text you on Craigslist simply to get confirmation that it is a working number). The bed is a little too firm for my taste, I have come by and see for yourself!

I have poor knees and a bad back so I wasn't able to remove it from my house before the warranty expired. The contact information is for my Son (Brandon) who will be working with you through this transaction. The bed was moved into our livingroom where it is vertically placed against the wall as I purchased a newer bed and haven't been able to sell this for a while. We are also getting our kitchen remodeled which also limits our available space. If you wish to lay on it, we will set it up on top of my other Son's queen bed no problem at all!

1. Hours to contact are as follows: 5pm-11pm M-F. If he does not answer please leave a message and I'll get back to you within 8-12 hours.
2. Cash only. No PayPal or Checks.
3. This bed will NOT be shipped.
4. Local pickup only in Cudahy. You must come up with your own transportation.

Willing to accept a best offer but you have to buy it soon. This mattress was \$2500 when new and slept on less than a 10 times, by only one person. Once you check it out, pay for it, and haul it out - there are no refunds.

Thanks for looking, call!
