1979 El Camino for sale with title. Partially disassembled and has been in the process of repainting. Engine is a GM 305 with an edelbrock 4 barrel carb. Ceramic headers, true dual exhaust, h pipe and two 40 series flowmaster mufflers. 700-R4 4 speed overdrive transmission (Originally came with 3 speed auto) with corvette internals such as hardened planetary gears and corvette 2-4 servo, etc. Lowered with 2 inch drop spindles in front. Also have lots of new interior and body parts available (like weather stripping, trim, door handles, carpet, etc). I have almost everything necessary to completely redo interior. Will need a driver side rear quarter panel installed (I have this as well). Will need a better drivers side door too. Make me an offer for all everything, or the car/parts separately. I am also willing to trade. Reply to the link or call / text me at 803-6four6-793two. Thank you for looking.
