Wonderful location in downtown in the village of Woodstock! 3 minute walk to the Inn, library and restaurants. Good rental history and very high occupancy. This property is in very nice shape. Newer electrical, heating, windows. Tenants pay their own heat and electric. A large 2 bedroom apartment could easily be owner occupied and have the tenants pay the bills. One apartment could be used for a vacation home, while renting the other 2 apartments. Don't miss this opportunity!
