

Need be Locked in Jail Cell (tacoma)

I need the security of spending a couple nights in a jail cell but I don't want the crime and have a record along with it. Ideally I just be left in solitary confinement for couple days. I'm trying to clear my inner mind and feel safe and secure. I don't ever conceive being in a database since I want to be able to travel and I believe crime doesn't pay but to have an experience to say the least would be nice to get an idea what freedom is like. I wish there was a way to experience this as it also for me would be extremely calming in nature hard to explain why it is. I wonder if there anyone out here that could make this.
