Hello,

We are re-homing our 1 year old female hedgehog. She is VERY sweet, and can be held by all with out biting or nipping. She is very fun, but we do not have the time to attend to her now. She will come with large cage, food, and all supply's. We are asking a re-homing fee of \$75, as we paid \$250 for her, \$100 for the cage plus lots on all the other supplies. You are welcome to meet her before you.
