Hi,

I have seven years of experience nannying, sixteen years experience babysitting, current CPR and First Aid certification, a reliable car, a college degree, and a genuine love of the work. Those in my care have enjoyed everything from the zoo to paint studios, hiking to summer concerts, crafts to geocaching, lake time, tubing, and so much more.

I've handled two-months to 12-years, even infant and toddler twins, and as many as five children at a time. On meeting I'll provide a formal resume with ten excellent references, nine in childcare.

I'm looking for a limited short-term position that could handle my unavailability during an August 10-14 trip, and would be able to handle my returning to school (Go Cougs!) after August 23rd. A tall order I know, but I'm worth the trouble and I might know an excellent alternate for that last week of August. So if you can survive August 10-14 without me, I would love to hear from you.

15/hour. Rate is non-negotiable. No transportation only or warm body positions please. With respect, I'm an active nanny during summer. See aforementioned activities. I prefer to take those in my care on adventures or be off on my own.

Steven
