I'm remodeling a small bathroom. I'm looking for an experienced woodworker to create 2 cabinet doors and a drawer face. I will prime and paint them. I just need you to make them.

solid poplar (paint grade)  
 raised panel (square)  
 NO MDF

Door opening:  
 25" x 18 1/4"

Drawer faceplate opening:  
 25" x 4 1/4"

1/2" overhang

Drilled for hinges and if you have adjustable hinges, please include them.

Use the 'reply" button to respond. I prefer.
