

Looking for part time constructionremodeling help (Maury county and surrounding)

Location **Tennessee**
<https://www.genclassifieds.com/x-569670-z>

I have a small construction and remodeling business here in Columbia and I will be needing some help on several jobs coming up soon. I need someone that is familiar with measuring correctly, cutting, being on ladders, and just can do all around basic small construction items. Being familiar with siding, door installs, window installs, drywall, basic electrical and plumbing is a plus but not required. I even have a mowing business I may need help with as well. I do need someone semi local with transportation and speaks English well. Pay will be \$15 hr, possibly more after the first job or two if your skills are above basic level. Help will be needed on a part time basis, full time on some weeks. Please send (the the email above) your general skills, what area you live in and what your availability is. Thanks and look forward to hearing from you.
