My sweet tuxedo cat, Chiquita, has gone missing. He's fairly big at about 15-16 pounds. He's about 8 years old and neutered.

His fur is mostly black with a white chest and belly and white sox. He wears a red collar with a bell and tag that says his name. If his collar has fallen off, it may look like his neck is bald (the collar wears off his fur a bit, but it has never bothered him).

He was last seen in the Millcreek area around 2300 East and 3300 South.

Please help us bring him home!
