I'm looking for a part-time baby sitter for my 14 mo. old daughter.

She currently attends 4th Ave Child Care Center in the Historic District of Columbus, and we live a couple blocks away. I want someone to pick her up 2-3 days a week at 3pm and do activities with her until 5 or 6pm.

I also need an occasional baby sitter to help me with her when she's sick, or I want to go out during the evenings, or need to do house work.

Please respond with your experience history, your availability, your rate and a couple references!

I look forward to hearing from!
