Hello,

I am needing childcare for the remainder of the summer and school yr for before and after care, this will include some weekends starting July 19, 2015. I work 12 hour shifts from 830 am to 900 pm. The actual care times may vary week to week or month to month because of my husbands schedule as well. Some weekends may be less than twelve hours a day or a little more when including travel. I am working in a hospital so my schedule can vary as well. So I ask for whomever responds to take that in consideration when calculating your rates and your availability. I have three kids ages 5, 9, and 11, two boys and one girl, I will provide food if needed. The kids go to three different schools, so during the school yr I would need someone to pick them up from school or the bus stop. Please be reliable and flexible between the hours listed. Have a genuine interest in caring for kids, not just for the money and honesty is key please it'll aid in further communication. Also, I would need someone who is interested in being a regular fixture in our lives, we like regularity for the kids as much as possible. So we need someone for our possible "date nights". If you know that you are not truly interested, do not meet the listed characteristics or are going to price gouge please do not respond. Thank
