I really am looking for the PERFECT person for this position.
 I need someone who is driven!!
 Male or Female. No preference.

I am 29 years old and run a successful business from home.
 I have a 4 bedroom house, with a separate 2 bedroom guest house.
 The guest house is the available place for you. It is separate from the main house. It is very private with your own private entrance. Two small bedrooms with a full bathroom (toilet, sink and shower). It does not have a closet, but you could use one of the rooms for your closet. It has a small kitchen area with a sink and a mini fridge. You will also have access to everything in the main house as well (kitchen, laundry room).
 If you do not have a bed, I have an extra one you could use.

Your rent would be paid for from the hours worked here at home.

Rent : \$800 / month
 Your guaranteed pay : \$1,344 / month

- If you work the basic hours needed, you will be guaranteed \$1,344 per month.
- If you want or need more hours to earn more per month, I have the hours for you.

* You could work full time and make up to \$3,000 per month, depending on your availability.
 I have 2 times a day, 24/7, right now, with the house, with \$15/hour for 2 months, depending on how many you need. If you are interested, please discuss this in an interview.

Working hours would be as follows:-

Starting between 8am-9am, every day
 Working for at least 4 hours per day, every day

*The 4 hours can be split up 3 hours in the AM and 1 hour in the PM
 - example 8am-11am & 6pm-7pm

* I do currently have someone that can work at least 2 days per week, so if you already have a different job or are in school, we could possibly work around it. Just explain in detail if so.
