His Majesty, Inc.

Get to know us. . .

His Majesty, Inc. is an entity of services created and designed for the pleasure of women. We are a registered business and license obtained in the United States. We strive to keep our company legitimate, sincere, profitable, discrete, and satisfying for all the clients and/or independent contractors that we work with each day. It is our mission to become the number one upscale company in entertainment and services industry, provided legally for women. It is also our vision that every client and customer continue to use our services repeatedly and continuously throughout the years to come. We hope that if you decide to become of our independent contractors (ID) with our company, that you will also share the same ideas, mission, vision, and determination to strive to make this happen for each and every one of them.

In order to make this happen, here are a few things that we offer below in detail:

? Escorting: accompany (someone or something) somewhere. Meaning, you will be sent a detailed itinerary with the date, time, place (where to meet if applicable), clothing, and possibly other details in order to book yourself for this gig. In which could consider dinner, dancing, movie, long walk on the beach, escort to a charity event, venue, and/or etc., for whatever the client needs. Though to be very "clear", there is a ZERO TOLERANCE POLICY for prostitution. Now what two consulting adults choose to do, has nothing to do with His Majesty, Inc. and its representatives, but yet and though, keep it "Legal" within the guidelines (This will be thoroughly explained to you on your first interview.) We start every ID at the first two hours atleast \$500, and let you choose an amount that doesn't exceed over \$300 for every hour after that. We are also in the process of creating a overnight rate, day rate, weekend rate, and week rate for all those ID's that are interested in taking part in this.

? Stripping: a striptease performer. This particular entity is exactly what it sounds like and what it means. You will required to strip down to a particular uniform and/or costume of your choice. It is also sometimes good that you try to obtain the reason for the occasion; what type of even it's for; including possibly what demographic of crowd will be there. We are asking that you please do not strip completely naked for any event at all; we would hate to think that you are the "dancing bear" and our company literally does not think it's appealing. Based upon the experience of dancing, teasing, experience, and great looks will either land you to where you will be making atleast \$125-\$150 an hour in door fees (Fee that must be paid to you to gain entry into a program or structure.) and including other amounts if they choose to use

longer than their time allotted. You are only to do four songs of your choice within the hour, and extra songs are charged to the client even within the hour or not. So make sure you have your songs ready to go. You will be across the stage and give a performance for "rhythm and blues" and "soul". For full entertainment, we will have in the club. We have DJs in the club playing the latest hits and their latest songs and doing male duties. If this is something that you would be interested in, you probably will like this. We have more than 100 coverages.

Body rub: a body rub is a massage of the body that is used to stimulate the libido, or increasing the ability of a person to respond positively to sensual stimulus. The word body rub does not mean prostitution, so you should not call it a body rub. It is a special service that you are looking for prostitution services. Body rubs are meant to provide you with relaxation and to alleviate built up stress. Exactly what the definition states. We always ask the ladies if they would like a FULL body rub or a SELECTIONAL which means the client will state to you exactly what she does not want rubbed down, though you may have to define the definition to her if she is not a consistent client. We also let the client know that most of our clients usually have a pair of parties (owel around the waist) and no bra, it is their choice if they would like to be topless or not which is never in your discretion or favor to require that mandatory for a client. You may do this with your entity that your location which is called "incall" or you may travel to the location of their home or place chosen, which is called "outcall". We charge atleast \$75 for the 30 minutes and \$125 an hour. Remember we do not offer "happy endings", "sexual favors",

and/or anything consisting close to and thereof. (More details and information about this can be obtained through in your interview.)

? Bartending/Catering: a person who serves drinks at a bar, venue, and events; provide with what is needed or required. This particular entity will be "in-general." Which means you will also receive an itinerary of all the detailed and required information form the client. Like everything listed, it is your choice if you would like to "Accept" or "Pass it On" to someone else. Depending on who you are, what you have to offer, model, host, entertainer, experience in the industry, and/or whatever makes you stand out from all our other ID's, either you will be paid \$20 an hour or UP! The highest we have gone so far, based upon particular reasons, \$150 an hour was the amount of our ID's made.
