We are looking for Property Managers in The Atlanta Area who are interested in developing a new revenue stream. Managers with 30 properties will generate over \$7000 a year. If you are invested in learning more about this limited opportunity please email us today.

We are a Company specializing in innovative solutions for homeowners and property owners renting their homes out. We have been developing this new system over the past year and are looking for a few select Property Managers in this area to help us with a trial run to evaluate our program prior to releasing it to the open market. Our program is entirely risk free to owners and managers and will only require a small amount of time to understand the system. We are already working with 2 companies are looking to add 3 more small companies in the next month. Please let us know today if you are!
