

Film Financing Business Plans amp Film Budgets Prepared (ATLLA)

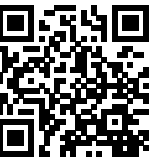

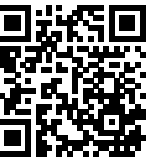

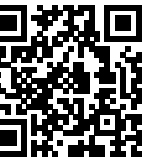

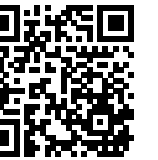

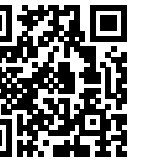

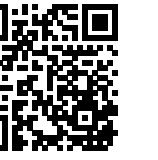

Location **Georgia**
<https://www.genclassifieds.com/x-570233-z>

For those of you seeking film financing, you should know every REAL investor's first requirement will be that you have a professionally done Film Financing Business Plan & Detailed Film Budget done by a film industry professional in the business and not some service that has no film production, distribution or financing experience. This request will often come prior to the investor asking for the script. I am a seasoned Producer/Line Producer and I have over 20 years experience in film production and distribution. I specialize ONLY in film financing business plans and film budgets/schedules at affordable, and often, very flexible rates. Turn around is remarkably quick and 3 months of free updates and free consultation are included.

All budgets and schedules are done on the industry standard Movie Magic and the business plans are created on MS Word so you can make any adjustments at any time. You get all master files and pdf copies. Prices for budgets start as low as \$500 for projects under \$500,000 (no shooting schedule) and prices for business plans start as low as \$950 for projects under \$500,000. All business plans include a full FREE budget! Many NON-FILM INDUSTRY business plan services are completely unaware of the requirements necessary and the various specialty sections that must be contained in a film financing business plan. Financial projections are very specific to films, along with demographics, profit sharing, film budget, talent lists, feature film distribution, etc. I include all these elements and much, much more.

If you have any questions, please feel free to contact me any.
