Up for sale is my beautiful Candy Apple Red Ibanez RG570 Made in Japan "Super Strat" guitar. My guitar was made in 1990 and features the Original Edge Trem, 24 frets on a Wizard I neck, an Old school Tilt 4 Bolt Neck Joint, and Dimarzio made V8, V7 and S1 pickups in the bridge, neck and middle. There's nothing about this guitar not to fall madly in love with. Has some dings and chips, pretty typical for being 25 years old. Has been gone over and totally set up, plays tight, low and crazy fast! I'd like to get around 525, and it comes with the original whammy bar and a padded gig bag. Thanks for.
