

Peavey RAGE 158 Practice Amp (55 USD)

Location **Colorado**
<https://www.genclassifieds.com/x-570270-z>

An awesome little amp, The Peavey RAGE 158 (15 watts and 8" speaker) is a ferocious little monster made in the USA. Absolutely perfect for the guitarist who can't practice on a halfstack, just beginning, or just wants an awesome amp to jam on. \$55 cash only. Specs from website listed below. Thanks!

Audio Specifications

-The Rage 158 has two channels. The clean channel has a volume control, and the lead channel has pre-gain and post-gain controls. The two channels share a three-band equalizer with controls for the "low," "mid," and "high" frequencies of the amp.

Size and Circuitry

-The Rage 158 weighs 13.9 pounds. Its dimensions are 15 inches wide by 14 inches high by 8 3/4 inches deep. The amp delivers 15 watts of power to an eight-inch Blue Marvel speaker. It has solid-state circuitry that employs Peavey's "TransTube" technology, which is intended to give the Rage the sound of a tube amplifier .

Specifications:

- 15 Watts
- 8 inch super-duty Blue Marvel® speaker
- Two switchable channels--clean and lead
- 3-band EQ

-Headphone
