

Red Corvette (1988 USD)

Location **Alaska**
<https://www.genclassifieds.com/x-570322-z>

1988 Corvette - Red coupe / convertible (removable roof panel)
 7 speed(4+3) manual tranny.
 approximately 45,000 original miles.
 Its the wife's car, and she just doesn't drive it much anymore, So we are moving our focus to something different.
 Overall condition is very good for its age. Not a winter driven car, and kept in a heated garage.
 Exterior is overall very good condition with minor blemishes.
 Interior is fair and clean (non-smoker). The factory Stereo is disconnected, but could use an upgrade anyway. (I just enjoy the V8 sound of the motor myself)
 Engine is strong and clean, with a solid tranny and clutch.
 Tires are nearly new with little wear, and great grip.
 Fun to drive, corners great, all the power you need, or just cruise and get very good gas mileage with the over-drive transmission.
