

Wheels and tires off of 2015 mustang (1000 USD)

Location **Alaska**
<https://www.genclassifieds.com/x-570325-z>

I have the stock 17 inch wheels off my 2015 Mustang with tire pressure sensors and currently mounted on Hancock winter I pike rs studded and signed snow tires The tire size is 235/55R17

These tires were only ran for part of this last winter. The summer tires are handcuffed as well and only have 537 miles on them The tire size is 235/55R17.

Looking to sell all together the car has recently been in an accident and totaled so will not be needing these tires most likely in the future looking to sell all together the car has recently been in an accident and totaled so will not be needing these tires most likely in the future and selling to get temporary transportation for the time being Asking \$1,000 for all eight tires the four rims with tire pressure sensors feel that this is a very fair price but open to reasonable offers need to sell as soon as possible. For all eight tires the four rims with tire pressure sensors feel that this is a very fair price but open to reasonable offers need to sell as soon as.
