Selling my 1995 Dodge Spirit. Will make a great first car or the perfect ride for anyone needing something cheap. Lots of parts recently fixed up and it will be coming straight from the shop with a clean bill of health. Interior is in good condition for an older car, as is the body and it gets decent 20 - 25 mpg. Still has an excellent heater and is winterized. Comes with both sets of keys and a clean title. Ready to sell towards the end of July. PM with any other.
