This spectacular oceanfront villa/house sits practically on the ocean at the world famous K38 surf spot, with perfectly peeling waves right outside your door. In fact, with very high tides, the water will even lap at your front door! This 2 bed/2 bath home is located in a secure gated neighborhood and includes breathtaking ocean views from the living room and kitchen, as well as a private rooftop jacuzzi/hot tub, WIFI, California king size bed, big roof top patio area with BBQ/firepit/sofa, and a pet friendly policy. It's the perfect place to relax and enjoy the majestic ocean views for days and nights. There's nothing quite like watching dolphins play in the surf as the sun sets on the beautiful Baja coastline! At night, enjoy a blazing fire with a glass of wine while admiring the stars above. This house comes included with blazing fast wifi internet. In this beautiful, lush natural setting, you will be up close and personal with the marine life! In the past month alone, we captured (and released) a baby octopus in the tide pools, we spotted dolphins frolicking in the surf, and we even rescued a baby seal trying to find its way back into the ocean! Kids will love exploring the tide pools right outside your front door.

Please keep in mind that the house is located in a peaceful and quiet neighborhood. This is a great neighborhood with really cool and interesting people who enjoy a peaceful environment and a good night's sleep. Outside noise should be kept to a respectful level after 10pm and no loud music after 10pm. No fireworks are allowed in the community as well.

I am an avid surfer that came for the waves and stayed for the natural beauty. This house is a surfer's dream. You will be in front of some of the top surf spots in all of Baja California that work for beginners as well as advanced surfers. You have three surf spots to choose from right outside your front door. To your left is K38, one of the most consistent and longest right handers on the Baja coast. In front of you is Maria's (rocky reef break), one of my favorite spots. With the right conditions, you can get barrels! To the right, is Theresa's, another ultra-consistent rocky-reef break. This is one of the most consistent locations in all of Baja California, and will pick up south, southwest, west, and northwest swells and works with all different types of tides. In addition, my friend David Biner runs K38 Surf House 3 doors down if you need lessons or pointers.
