ERA by Jawbone Bluetooth Headset with NoiseAssassin 4.0 (Black Streak)

Time are changing and Jawbone has brought about change with a new ERA Headset. This small, lightweight Bluetooth wireless headset is designed for a secure fit to keep you comfortable. The ERA supports HD audio with military-grade NoiseAssassin 4.0 technology to eliminate background noise, ensuring your voice calls are clear and easy to hear. Additionally, the headset is compatible with an app for iOS or Android mobile devices for customized functionality. The Jawbone app lets you program the "Talk" button to easily access Siri on iPhone and Google NOW on Android directly from the headset. Also the built-in locator ensures you won't lose your ERA headset. The headset's battery lasts for up to four hours on a charge.
