My name is Yesmarie
 I am a young mother of a three month old
 Volunteered at the YWCA Toddler & Infant room
 Assisted Mother in Childcare since 2010
 Assisted Mother with Foster Children in Boston

I am offering a safe, smoke and alcohol free home environment to care for your child.
 I am very understanding of how difficult it can be to leave your child with a stranger and finding the best possible care. I am willing to provide the best care your child has had.
 I will provide your child with one on one attention, as well as teach them what they are suppose to know to get them ready for school.
 I have references, upon request of children's parents I babysat for in the past.

We have two rooms, one for babies and one for toddlers. My mother had a babysitting service as well in our home, so your child will receive the best care for an affordable price.
 I am willing to work with parents budget.

I can help with transportation. I will provide all snacks, drinks and meals.
 I am available day and nights, Monday thru Sunday.
 I am willing to work with different, extended schedules.
 Ask me about over night care!
