Hi I am looking for a roommate in hazel park male or female doesn't matter to me. I have lived with both in the past and have had no issues. I have a full time job and I am at work everyday for most of the day. The apartment has one bedroom and one bathroom, I am willing to give up the bedroom and you may have it. A little about me I am a male 27 years old like sports reading video games and just hanging out. I am a non smoker and social drinker only. I am asking \$250/month will all utilities included. Also I am a at home nudist so you must be ok with that. It is not sexual nudism however just more comfortable in my own skin then clothes.
