

1979 Ford Pinto Porthole Wagon (2000 USD)

Location **Kansas**
<https://www.genclassifieds.com/x-570659-z>

1978 Pinto Porthole Wagon . 4 cylinder 4 speed .

Body .

Car spent much of its life in Colorado and is a very solid car . No rust in the battery tray witch is very common and the floors look great . Paint is faded in some spots and has typical dings and scratches . Great car to start with for anything you would like to do .

Interior .

The pictures tell the story . It need a drivers side seat belt and one of the rear upper side panels are gone however they are just cardboard . its good for a driver .

Drive train .

The little motor sounds good we have only started it and let it run a few minutes . I believe it could use a accelator pump in the carburetor . The brakes feel good as does the clutch . The was driven about 8 miles last year then parked . I also have an extra short block, and carbs.
