We are a Roots/Rock/Reggae band called Green Tide. We are seeking an EXPERIENCED, DEDICATED, RELIABLE, REGGAE BASS PLAYER! Must know the style. Must not be in other bands! Age of candidate should be between 21-45

We take cover songs of all kinds that are not reggae, and turn them to reggae. We also straight up cover well known reggae songs (mostly Marley stuff). We also do originals. Here are links to listen to samples of what we do (raw recording of a rehearsal and an original song done by myself that we do)
