Aloha! Maui Pose Photography here to offer my services as a professional wedding photographer here on the island of Maui! No matter what kind of wedding you are planning we have a budget and style to fit your needs!

Small weddings start at just \$275 for a two hour session, 40 professional retouched pictures, and ALL unedited photographs.

Looking to capture each unique & special moment as you prepare for the day? Have a personal photographer follow you around through each step of the day...from getting that dress and makeup on, to the ceremony, to the reception--starting price varies slightly due to location and amount of guests, but general quotes stay at \$600

MauiPose also specializes in Maternity, Newborn, Couples (engagements) & family portraiture. Check the website to book your session or to inquire on pricing.
