This would be a Marketing and Sales, Business Development rep for a company that does contract production of dietary supplements and nutritional ingredients (what you might read on the Ingredients panel) and contract manufacturing (custom packaging of those dietary supplements and nutritional ingredients for other companies).

- Territory: Central and South Florida
- As an independent contractor, part-time to begin
- Annual sales per year will be \$500,000 per year from the first date
- Commission 3% of the gross sales excluding shipping cost
- Expenses will be paid by company
- For six months there will be no base, but after six months based on your performance, we will establish the part-time salary base

A background in food or pharma would be nice but not essential; Espanol and Marketing/Sales experience is more important.
