Not really for web developers or designers.

Great Job if you like Talking, Showing & Entering Web Content.

No sales skills required. No technical skills required. You do have to find your own customers.

We give you all the tools to do it yourself. First you have to find a customer then you do it for them.

If you don't want to look for customers is okay. You can still build it at \$12/hr

If you have a Smartphone or Tablet sells itself.

If you can login to a website you can build one. But don't worry we'll train you.

This tech and marketing gig involves showing business owners some web stuff and finishing parts of it for them yourself.

Make between \$300 and \$700 per account even more for extras = \$25 to \$50/hr

Get paid weekly or after each sale and when you are done. Get paid from us and from the customer.

Reply with your qualifications and I'll send you flier of the program.
