Location **Louisiana**  
<https://www.genclassifieds.com/x-570966-z>

Private furnished room (with utilities included), available for International Student or Intern. Let's have some cultural exchange.

The house is a spacious historic Creole Cottage with old New Orleans charm. It's located uptown, just off Magazine Street. It's nicely appointed, in good condition and in a great location. You should be a honest, hard worker, pursuing a focused direction, a non smoker, and if you drink, then a moderate drinker.

About me: I am college educated and a professional person in the working community, with strong values and good morals. I am not a college student myself any longer.... college days are done for me.

If you reply... introduce yourself, tell me where you're from and give a few details about you situation and what you would want me to know about.
